

WHY LASER?

NEC Solid State Light Source

Constant Color & Brightness Rendition

The laser projectors' color rendition and brightness stays constant throughout the 20,000 hours of laser life.

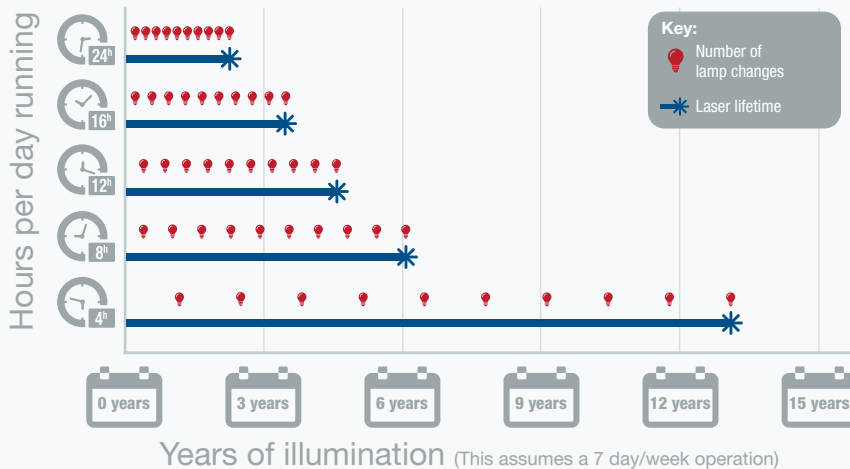

No lamp Replacements

No lamp replacement needed saving approximately \$2,000 per year.

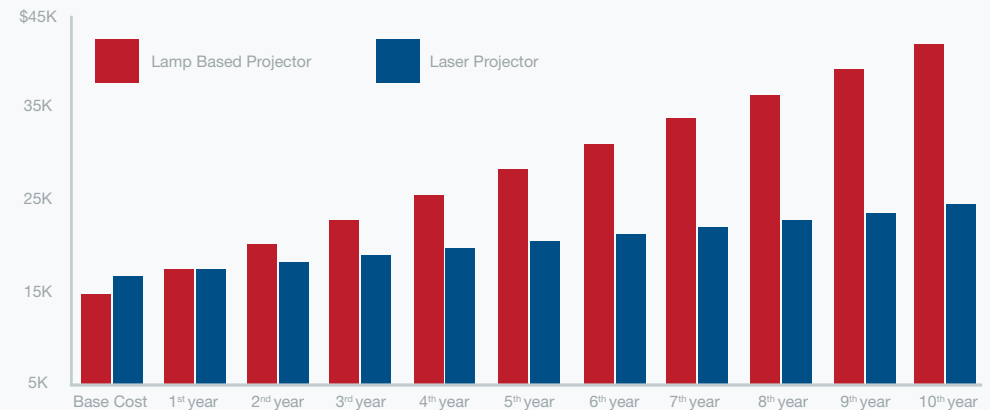

Based on the PX803UL vs the PX750U

20,000 Hours of Illumination

Total Cost of Ownership

Average Cost savings throughout the life of a laser projector far out weighs a lamp based projector

Based on: NP-PX803UL and NP-PX750U2
